

Cyber & Intelligence Internship - 2023

Digital Main Street and Mastercard are collaborating to offer positions for students under the Mastercard Internship Program in the field of Cyber and Intelligence (C&I). These roles will be focused on supporting the Cyber & Intelligence team with product development, project management, ideation and more. This is an opportunity to expose yourself to the C&I industry with a global organization.

These roles will be employed by Digital Main Street and seconded to Mastercard Canada's Cyber & Intelligence team.

Who is Digital Main Street?

Digital Main Street is a program developed in partnership by the City of Toronto and the Toronto Association of Business Improvement Areas (TABIA). Digital Main Street supports the growth of main street businesses by making the adoption of digital tools and technologies easy. The program is built around an online learning platform, structured training programs and the Digital Service Squad, a team of street-level team members who help main street businesses grow their operations through technology. Digital Main Street has been profiled in the media by The Globe and Mail, the Toronto Star, BetaKit, Retail Insider, Profit Guide and Notable.

Who is Mastercard?

We are the global technology company behind the world's fastest payments processing network. We are a vehicle for commerce, a connection to financial systems for the previously excluded, a technology innovation lab, and the home of Priceless®. We ensure every employee has opportunity to be a part of something bigger and to change lives. We believe as our company grows, so should you. We believe in connecting everyone to endless, priceless possibilities.

The Mastercard Cyber and Intelligence (C&I) team is responsible for Mastercard's safety and security product suite and leads efforts to protect the integrity of the electronic payment system and ensure payments are convenient yet secure. The products are primarily focused on authentication, fraud prevention, risk mitigation and dispute resolution across all payment channels as well as all stakeholders; issuers, acquirers, merchants, processors and consumers.

Do you want to be part of a dynamic and agile team environment?

Are you motivated by meaningful projects and work that touch a global business?

Are you collaborative and driven by delivering measurable results?

If yes, then you're invited to start something PRICELESS™.

The Mastercard Intern Program is a comprehensive program where students gain hands-on real work-life skills while having fun and contributing to a global company. As an intern, you will be challenged with completing projects that will enhance your skills as well as contribute to the department's goals and objectives.

Responsibilities

As an intern on the Cyber & Intelligence team, you will be involved in the following:

- Research to build a better understanding of the current market landscape
- Develop a comprehensive product guide for use by internal stakeholders
- Develop sales pipeline reporting
- Other duties are required

Qualifications

Digital Main Street is currently seeking qualified applicants that can demonstrate the following:

- Currently enrolled in bachelor's degree
- Strong research, investigative and problem solving skills
- Strategic thinker with ability to derive and translate current market landscape
- Project management skills, highly organized with strong attention to detail
- Must be able to work in a fast paced and dynamic environment, handle multiple tasks, consistently meet established deadlines, and deliver exceptional results
- Sound written and verbal communication skills
- Comfortable with numbers

This is a contract internship position from May 8th 2023 – August 25th, 2023. This position will be a hybrid mix of remote/virtual, working from home and as required you will be in the office in Toronto (121 Bloor Street East). We reserve the right to change the work location at any time from the hybrid model to: fully remote/virtual, fully in person in office, or a different hybrid mix, as dependent on business needs.

What we can offer you:

- Competitive remuneration in-line with industry standards
- Shape the Community: Be a part of a talented and driven team where you will gain hands-on real work-life skills while having fun and contributing to a global company

Digital Main Street is an inclusive employer. We encourage applications from all qualified candidates and will accommodate applicants' needs under the respective provincial human rights codes throughout all stages of the recruitment and selection process. We thank all applicants in advance for their interest; however, only qualified candidates will be contacted for an interview.
